

JC-CTH110204-208

Model No.	JC-CTH110204-208	Features: 1. Ultimate bi-telecentric design for exceptional image quality 2. FOV ranges from 26mm to 300mm, meeting diverse field of view requirements 3. Supports C-mount industrial cameras in various sizes, from 1/2.5" to 1.1" 4. Large aperture, high telecentricity, ultra-low distortion, and exceptional depth of field meet the requirements of high-end systems
Optical Structure	High Precision Bi-Telecentric	
Magnification	0.204X	
Object FOV	Φ90mm	
Working Distance	208±2mm	
CCD Size	Φ18.4 (1.1") mm	
F No.	F6.2	
Telecentricity	< 0.1°	
Image Distortion	< 0.1%	
Image MTF30	> 132lp/mm	
Depth of Field	±4mm	
Conjugate Distance	472mm	
FOV Range	14.13x10.35 with IMX304	69.2mmx50.7mm
Mount	C	
Length	246.5mm	
Parallel(Telecentric)	VCL-90-xW-y	
Light Source	Beam Diameter 90mm	

PRODUCT SIZE:(mm)
