

JC-CST06-110

Model No.	JC-CST06-110	Design Features: 1. Perfect image quality, supports 10MP digital cameras 2. High contrast, low distortion, ultra-clear image 3. Full range of object-side telecentric fixed-magnification lenses, with multiple working distances/magnifications/CCD options available. 4. Widely used in high-precision visual positioning and other applications.
Magnification	0.6X	
Object-Image Distance	257.3mm	
Working Distance	110mm	
F No.	F6.5	
Telecentricity	< 0.03°	
Distortion	< 0.02%	
Resolution	0.3 > @140lp/mm	
Depth of Field	0.2mm	
Numerical Aperture	0.046	
Mount	C-Mount	
Image Plane	1.1"	1"
Sensor Size	14x10.3	12.8x9.6
Obejct FOV	23.3x17.1	21.3x16

PRODUCT SIZE:(mm)
