

JC-C38-F200C-SN

Model No.	JC-C38-F200C-SN	Features: 1. 200mm focal length 2. Large entrance pupil, diffraction-limited MTF tube 3. Large exit pupil diameter coaxial telecentric illumination 4. Compact structure, high rigidity 5. Dual camera application (optional) 6. Compatible with autofocus module 7. Supports large-area high-speed cameras
Focal Length	200mm	
Magnification	1.0X	
Image Circle	Φ38mm	
Entrance Pupil Dia.	17mm	
Mount	M58	
Wavelength	430nm~670nm	
Parfocal Distance	95mm	
Distance to Objectives Mount	37.9mm	

PRODUCT SIZE(mm)
